

Occupational Health and Safety Policy

Pipe-Weld is committed to:

- providing safe and healthy working conditions for the prevention of work-related injury and ill health
- eliminating hazards and reducing health and safety risks from our activities, products and services, so far as is reasonably practicable
- investigating incidents to prevent recurrence by implementing and reviewing corrective and preventive actions
- maintaining, measuring, reporting and reviewing measurable objectives and targets
- complying with applicable legislative and compliance obligations
- implementing, maintaining and continuously improving our Occupational Health and Safety Management System to enhance performance
- consulting with our workers, their representatives and other relevant persons, and ensuring their participation in improving, matters affecting their health and safety
- providing adequate resources to achieve the intent of this policy, objectives and targets and all elements of our Occupational Health and Safety Management System to the standard of AS/NZS ISO 45001:2018.

Our workers shall:

- present for work in a safe and fit manner
- take reasonable care that their acts or omissions do not adversely affect their health and safety, or that of other persons
- report incidents and unsafe practices to the relevant Pipe-Weld representative
- comply with Pipe-Weld integrated management system documentation, training and instruction

This Occupational Health and Safety Policy shall:

- be available as documented information and to interested parties as appropriate
- be communicated within Pipe-Weld

I commit Pipe-Weld activities, products, and services to this policy.

Billy O'Connor
Director, Pipe-Weld
